Electrical System Loss Prevention Program

The Insurance Board (IB) is excited to announce a new loss prevention initiative!

The IB is committed to helping churches keep their properties safe and is offering this inspection to help you identify and correct hidden electrical deficiencies that may exist in your church. If any **critical or severe** conditions are identified during the inspection, the **IB will pay up to \$500 towards the cost of repairs**. If you choose to participate, you receive peace of mind knowing that your church's electrical system is in sound condition. Your cost for the inspection is **\$225**. Please see the brochure for details.

Please note that this is a voluntary program. If you decide to participate, any information obtained will not affect your premium or eligibility in the IB program. Below is a form to complete if you wish to participate. In order to sign up for the program, please complete the section at the bottom of this page and mail it back to us. Mail the completed form to the IB, along with a check for \$225 made payable to the Insurance Board.

If you would like to discuss the details, please call your local IB representative or Carl Kotheimer at the Insurance Board at (800) 437-8830.

Faithfully,

Cathy Green
President & CEO

Yes, we would like to participate in the Electrical Inspection Program. Enclosed is our check for \$225.
